- **Eagle Tools for Infrastructure Accessibility Analysis**
(Guide – Dr. Pooja Nigam, Assistant Professor, MNIT, Jaipur, July-August,2017)

The project targets creation of Infrastructure Accessibility Maps using Urban Street Network Maps and places information from OpenStreetMap and Google Places API, and components written for Grasshopper 3D for McNeel Inc. Rhinoceros 3D .

- **Stock Market Prediction System using Hadoop**
(Guide – Prof. Nizamuddin Laskar, Assistant Professor, TICT, Kolkata, Sept-Nov,2016)

To develop a system for realtime collection of Stock Market Data using Selenium web scrapping and using hadoop and TensorFlow to Predict future prices
